Attendee Messaging and Profiles

One of the features of the mobile app is that you and other attendees will have the option to send messages to each other through the app. It's a great way to network with fellow attendees up to and during the event. You may also create a profile of yourself that other attendees can view and you may even upload a photo of yourself into the app. Go to My Account in the app to edit your profile and add a photo.

If you have any questions or need assistance downloading the app, please contact us at oemc@ontarioeast.ca
